Office No. 58 South Fourth street, residence No. 10 Logan square, Philadelphia.

General description of the Parkeville Hydropathic Institute.

The main building is three stories high, standing back from the street about one hundred feet, with a semicircular grass plot in front, and contains thirty to forty rooms. The grounds around the building are tastefully laid out with walks and planted with trees, shrubs, &c. On the left of the entrance to these grounds is a cottage containing four rooms, used by male patients as a bathing house, with every convenience for the use of the bath. On the right of the entrance, about two hundred feet distant, stands a similar cottage, used by the ladies for similar purposes.

In the rear of the Institute, at the distance of one hundred feet, are three other cottages, some eighty feet apart. One of these is the laundry, with a hydrant at the door; the other two are occupied by the service by "a hydropathic ram," a self-acting machine of cast iron, that is kept constantly going, night and day, by the descent of the water from the spring, the surplus water is carried from the reservoir to a fountain in the water-works yard, surrounded by weeping willows. In the first story of the water-works is a circular room, containing the douche bath, which is a stream of water, from a height of about thirty feet, and can be varied in size from half an inch to an inch and a half in diameter. Adjoining the douche house is a dressing room, with marble tables, &c.; the sitting room (for the use of the ladies) is furnished with every plate contrivance of the kind, being entirely under the control of the patient using the same.

There are many other buildings, which can be better understood by a personal examination. mar 24—

NEW PICTORIAL WORKS.

Just published by R. SEARS, and for sale at No. 128 Nassau street, New York.

AMERICAN GIFT BOOKS FOR 1851.—Agents are wanted to circulate the following new and beautiful works, (retail price, \$2.50 per vol.) A new and complete PICTORIAL HISTORY OF CHINA AND INDIA;

with a descriptive account of those countries and their inhabitants, from the earliest times to the present history to the present time. In which the editor has treated not only of the historical events, but also of the manners, customs, religion, literature, and domestic habits of the people of those vast empires.

The embellishments are about two hundred, and of the first order, illustrating whatever is peculiar to the inhabitants, regarding their dress, domestic occupations, mode of agriculture, commercial pursuits, arts, &c. They are accurate, and each one has been made expressly for the work.

The volume forms a large octavo, containing between five and six hundred pages, printed in the best style, and on good substantial white paper. It is furnished to agents, handsomely bound in muslin, gilt, or leather, as the purchaser may prefer, at a very liberal discount, when quantities of not less than twenty copies are ordered at one time.

THRILLING INCIDENTS OF THE WARS OF THE UNITED STATES;

comprising the most striking and remarkable events of the Revolution, the French war, the Tripolitan war, the Indian war, the second war with Great Britain, and the war with Mexico, with three hundred and thirty illustrations, retail price, \$2.50 per volume. Orders respectfully solicited.

SEARS' PICTORIAL FAMILY PUBLICATIONS

are decidedly the best books that agents can possibly employ, and will be found to be a valuable addition to their stock.

Persons desiring to purchase these books, should be possessed by every family in this great republic. There is not a city or town in these United States, not even those of small importance, but containing many citizens to whom these works are indispensable. They are adapted to the literary wants of the Christian, the patriot, the statesman, the farmer, the mechanic, the sailor, the student, the workman; and are not only such books as will sell, but are such as an agent of good principle will feel free to recommend, and willing to see the purchaser again after they have been bought.

CUR FLAX.—The plan the publisher has so successfully carried out for several years, is the obtaining respectable men and women, who will engage in the sale of the above volumes; and all postmasters, clergymen, book peddlars, and newspaper agents, are respectfully requested to act as agents. A handsome remuneration allowed to all who engage in their sale. For particulars address, post paid, ROBERT SEARS, 128 Nassau street, N. Y.

To publishers of newspapers throughout the United States:—

Newspapers enjoying this advertisement, without any alteration or abridgment, (including this notice), and giving it a few inside insertions, shall receive a copy of any of our \$2.50 or \$3.00 works, subject to their order, by sending direct to the publisher. mar 24—
